The Franklin County Sheriff's Office created Operation Street Smart in July 2002 as a way to take community oriented policing (COP) to a new level. The goal of Street Smart is to provide current and up-to-date narcotics information on trends, terminology, paraphernalia, and physiological effects to those individuals who deal with addicted populations and today's youth.

This is a great training for people working with addicted populations or those who work with youth in schools.

This training is FREE
