

Welcome Department Chair/Director!

Congratulations on your role! The Registrar's Office is available to facilitate a smooth transition. If at any time you need assistance please contact our office.

This document contains screen prints for the process to enter Student Course Overrides, view Student Registration Pins, and input Petitions in Degree Works. Overrides will be the primary reason you will enter Banner, and Petitions the primary reason to access Degree Works.

The following details will assist you when entering course overrides or academic petitions. You may want to ask for the following details from the student to help you complete the task.

- Student Name and ID (9-digit number)
 - Course Number (CRN)
 - Reason(s) why the student cannot enter the course, examples
 - Course requires a certain grade in a prerequisite
 - Missing a prerequisite
 - Missing a test score
 - Class is full
 - Course requires the Director/Department Chair permission
 - Reason for course substitution request
 - Some majors have non-course requirements. Once the Director/Chair validates completion, a petition is entered.
- Understanding Term Codes:
 - Summer Term 20XX10
 - Fall Term 20XX20
 - Spring Term 20XX30

Banner: <https://sites.google.com/a/heidelberg.edu/banner-support-site/home>

The screenshot shows the Banner Support Site interface. On the left is a dark sidebar with a menu: Home, Oasis, Degree Works, Argos Resources, and Banner 9 Resources (which is expanded). Two orange arrows originate from the text below: one points to 'Banner 9 Resources' in the sidebar, and the other points to the 'PROD' link in the main content area. The main content area has a header with the Heidelberg University logo and 'BANNERSUPPORT', and a date 'Banner Support Links 04/28/2020'. The main content is titled 'BANNER 9 ADMINISTRATIVE APPLICATION' and contains instructions for logging in to PROD, JUNK, and TEST environments, along with a 'Banner 9 Resources' link. On the right, there is a 'CNIT CONTACTS' section listing staff members and their email addresses.

BANNER 9 ADMINISTRATIVE APPLICATION

[PROD](#) - login with your windows username/password (i.e.jdoe)

NOTE: If opening multiple Banner 9 sessions, you will need to do so in a separate browser session. You can do this two ways:

- Opening a private browsing session. This can be done in Chrome by opening an Incognito window. You can find ways to do this in other browsers [here](#).
- Opening a different browser (open a Firefox window if you're using Chrome)

If you don't do this, you can end up getting an "ERROR 500 - Internal Server Error" when trying to connect to multiple Banner instances.

If you do find yourself getting an "ERROR 500 - Internal Server Error" message, you will want to clear your browser cache. You can learn how to clear your browser's cache by visiting this link: <http://www.wikihow.com/Clear-Your-Browser's-Cache>. When choosing the time period, it is recommended to select "All Time". To help prevent this, be sure to logout when you're done.

[JUNK](#) - login with your windows username/password (i.e.jdoe)

- Do your testing/playing here!
- Database as of 07/19/2019

[TEST](#) - login with your windows username/password (i.e.jdoe)

- Upgrades, patches and new software will be tested here.
- Database as of 06/13/2019

Click on: Banner 9 PROD (When 9.X PROD use most current number)
Click on: Banner 9 Resources for Keyboard Shortcuts and a short video

Banner Logon: Use your windows username/password (i.e. jdoe). The system will time out after 2 hrs.

The image shows the 'Heidelberg IDENTITY SERVER' sign-in page. It has a blue header with 'SIGN IN'. Below the header are input fields for 'Username' and 'Password'. There is a checkbox for 'Remember me on this computer'. Below the inputs are two yellow informational boxes: one about cookies and another about the privacy policy. At the bottom is a black button with the text 'SIGN IN'.

After a successful sign in, we use a cookie in your browser to track your session. You can refer our [Cookie Policy](#) for more details.

By signing in, you agree to our [Privacy Policy](#)

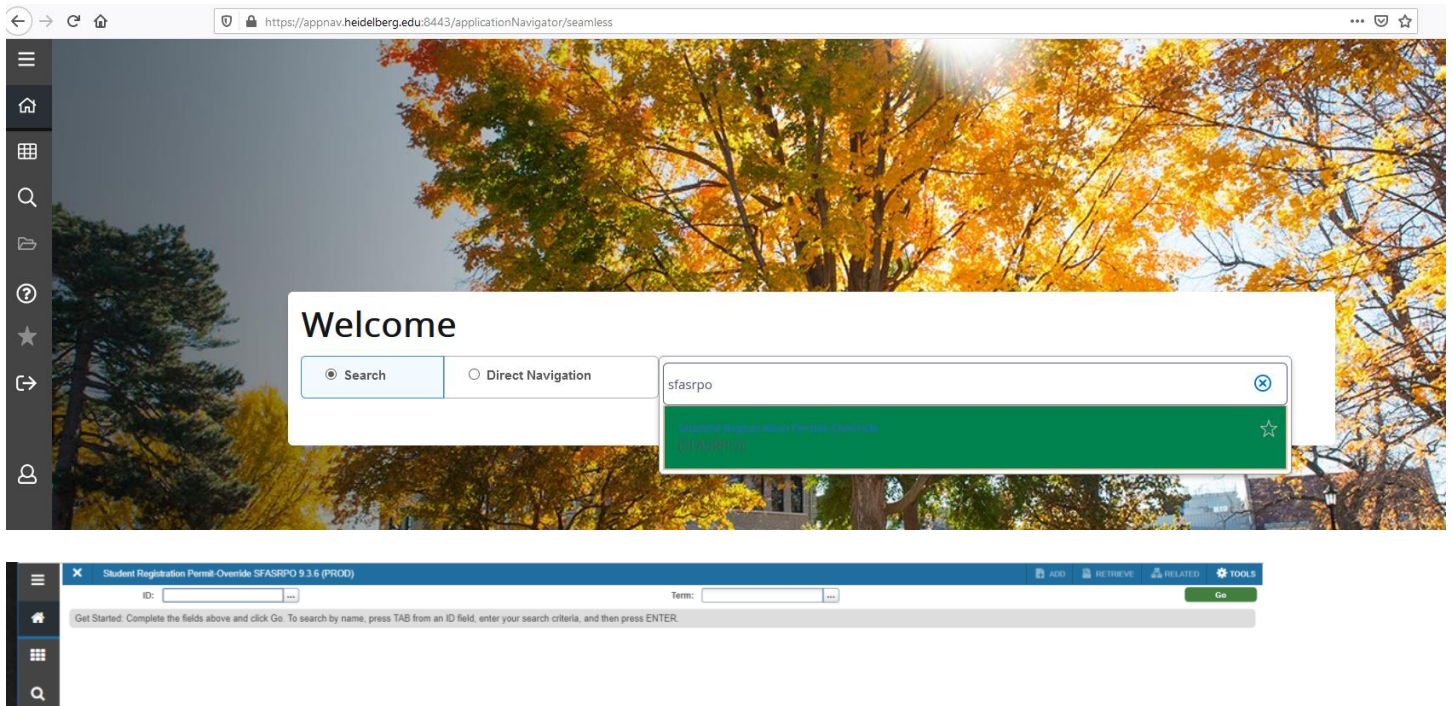

SIGN IN

After logging in successfully, you will see:

You may type the form code or click the magnifying glass to search a specific form.
To search form names click Applications. Here you will see many names of forms but access is limited to overrides, registration pins, faculty course assignments. Course assignments is more funtional via OASIS.

Course Overrides SFASRPO

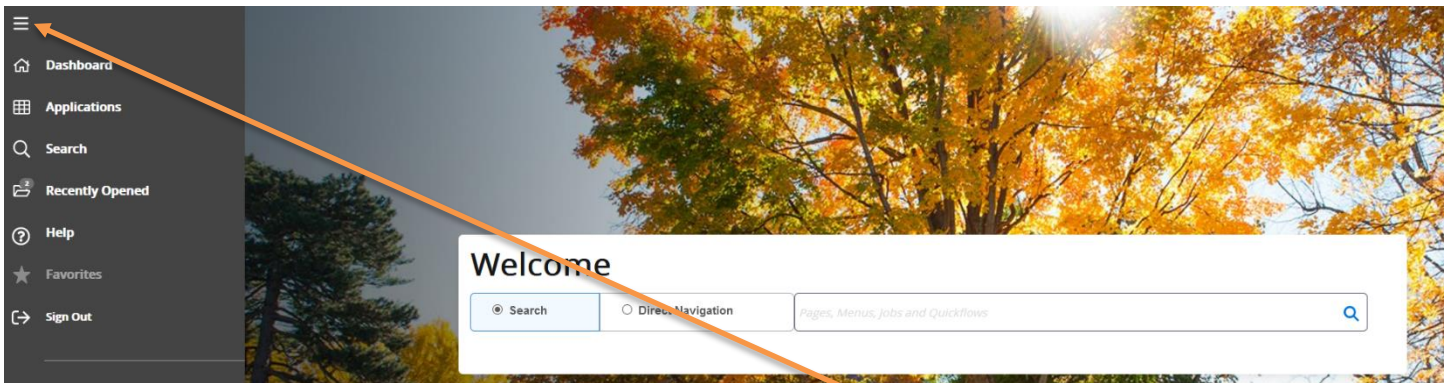

Enter Student ID and Term. Search a student by tabbing over from the ID box. Search Last Name, First Name. A partial name can be searched using the % symbol. (ex. Do%, Jo%)

Enter the Permit (override) or select the three dots for a full list. Enter the CRN, Subject Code, Course Number. Note: if the section a student enters is irrelevant, skip the CRN and enter the Subject and Course Number. Hint: Full Course Override means all seats are taken. This will not give a blanket override for all reasons the student cannot add the course. Once finished, click Save. Click Start Over to enter multiple student overrides.

Alternative Registration Pin SPAAPIN

Enter Term and Student ID. Search a student by tabbing over from the ID box. Search Last Name, First Name. A partial name can be searched using the % symbol. (ex. Do%, Jo%) Academic advisors are to provide a student's registration pin after schedule review and confirmation. In the event that an advisor is not available, or departmental advising is taking place, the Department Chair/Director can see a student's pin.

Banner Log out

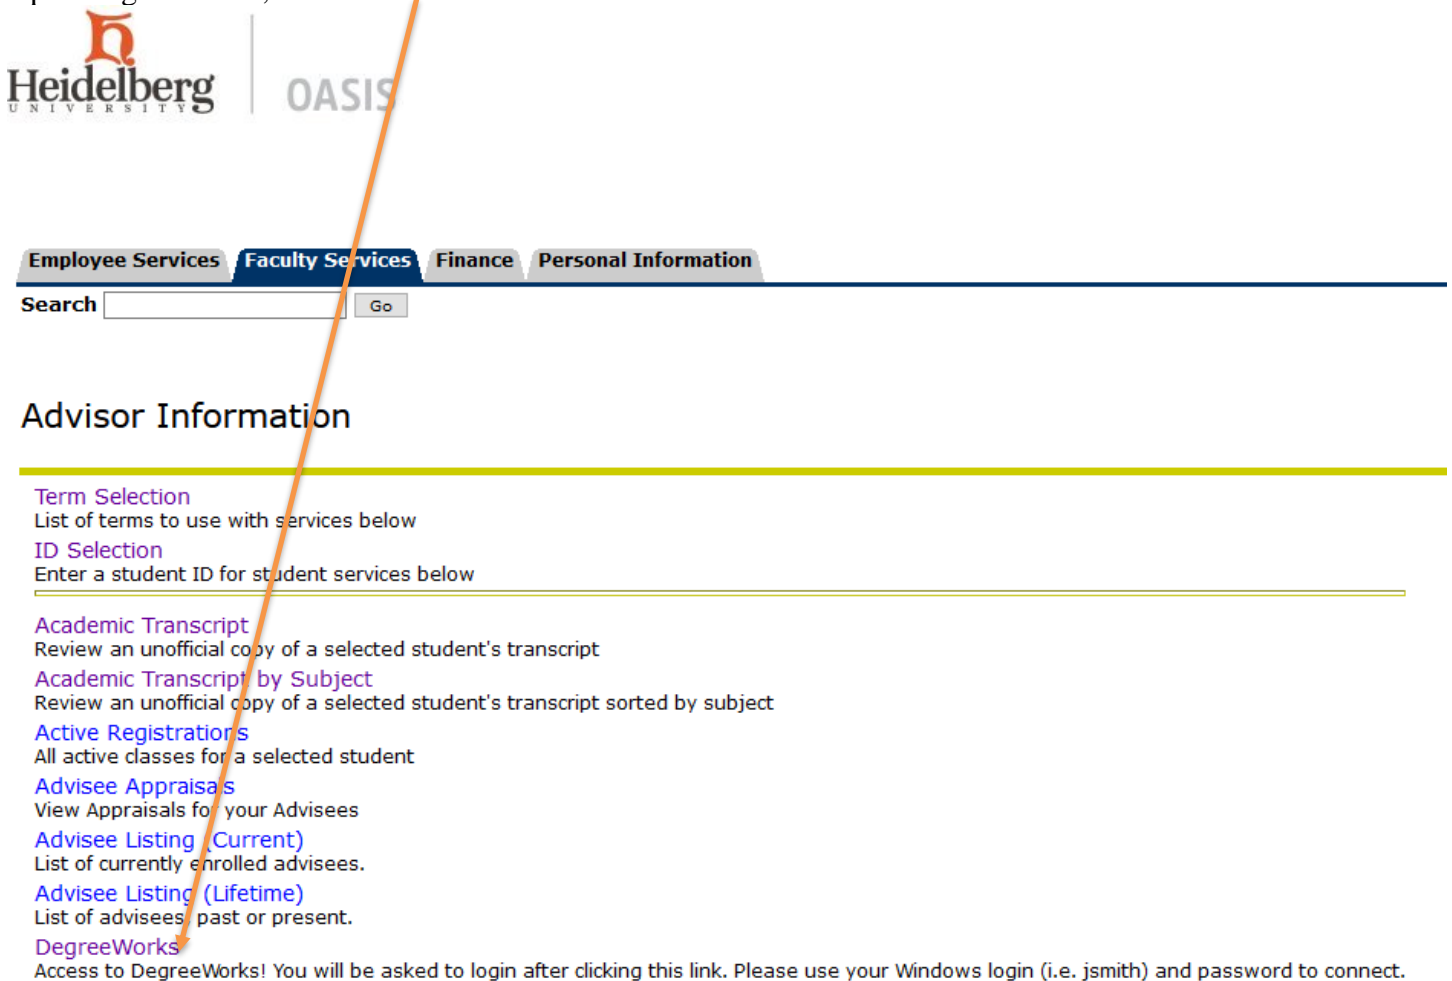

From any page, click on the three lines in the top left-hand corner (Toggle Menu). Once the Menu appears, click on Sign Out. You will be successfully signed out of Banner.

DegreeWorks: Course Petitions

Department Chairs/Directors may enter in course substitutions for the major/minor of your responsibility. When a Director/Chair also reports to you, only the Director/Chair has access to enter the substitution. General Education substitutions go through the Vice President for Academic Affairs/Provost.

Step: 1

Open DegreeWorks, via OASIS

Step 2.
Find your advisee's Worksheet.

The screenshot shows the 'Worksheets' page in the ellucian system. The header includes the ellucian logo and navigation tabs: WORKSHEETS, EXCEPTIONS, PLANS, and ADMIN. The user 'Leroy Morgan' is logged in. The main content area displays search filters: Student ID (000143461), Name (Student, Boris D.), and Degree (Bachelor of Science). Below these are advanced search options for Level (Undergraduate), Classification (First-Year (Freshman)), Major (Undeclared), Program (Bachelor of Science Program), Language Placement (Placement into GER 101), and Math Placement (MTH 090 Heidelberg Placement). A status bar at the bottom indicates 'Data refreshed 4/22/2020 5:00 AM'.

Step 3.
Go to the three dots and click for a drop-down. Click on Petitions.

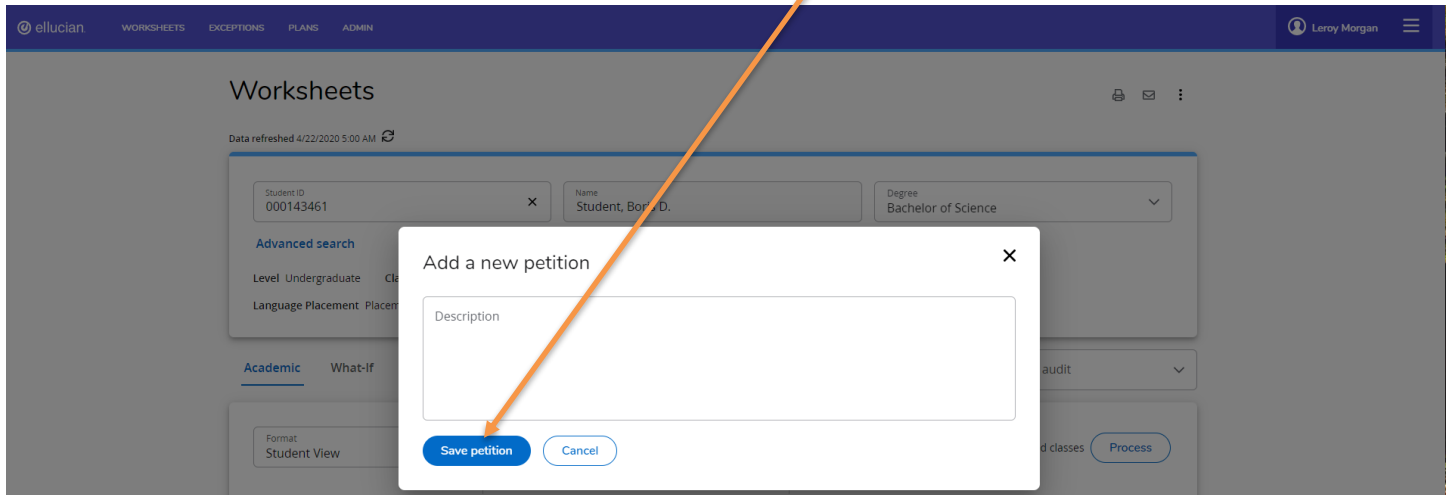

This screenshot shows the same 'Worksheets' page as Step 2, but with a dropdown menu open. The menu is triggered by clicking the three dots icon in the top right corner. The dropdown options are: GPA Calculator, Class History, Petitions (highlighted with an orange arrow), and Notes. The background content is slightly dimmed.

Step 4.
This is what you see when you click Petitions at the drop-down. Click on Add a new petition.

The screenshot shows the 'Worksheets' page with a modal window titled 'Petitions' open. The modal contains the text 'There are no petitions for this student.' and a blue button labeled 'Add a new petition'. An orange arrow points from the text in Step 4 to this button. The background content is dimmed.

Step 5.

Enter the new petition in the Description box and click Save petition when done.

The screenshot shows the ellucian Worksheets interface. At the top, there's a navigation bar with 'ellucian' logo and tabs for 'WORKSHEETS', 'EXCEPTIONS', 'PLANS', and 'ADMIN'. The user 'Leroy Morgan' is logged in. The main area is titled 'Worksheets' and shows a data refresh timestamp. Below this, there's a form with fields for 'Student ID' (000143461), 'Name' (Student, Bory D.), and 'Degree' (Bachelor of Science). A modal dialog box titled 'Add a new petition' is open in the center. It has a 'Description' text area and two buttons at the bottom: 'Save petition' (highlighted with an orange arrow) and 'Cancel'. The background is slightly dimmed.

Access in OASIS

As a Department Chair/Director, you may view the course roster for the course subjects you are responsible to oversee. Use the Class List- Customizable option. Deans are able to see lists within their school.

Major and Minor Student Lists

Most students will report when searching within the major or minor listing. However, because students now have multiple majors and minors this confuses the code populating these lists. When an accurate list is needed, contact the Office of the Registrar.
